Prisoner Employment Survey

ONLINE Fieldwork : 20th - 22nd May 2011

Absolutes/col percents/row percents

Table 2

Q2. In working out the detail of such an idea, the government has to consider a number of factors including how much prisoners should be paid, what rules if any should govern what prisoners do with their wages, and how creating a prison 'workforce' might impact on the local economy. Please read the following statements and indicate to what extent you agree or disagree with each.

Base: All respondents

Summary table

		Prisoners employed by private companies should pay tax and national insurance on their earnings	Prisoners employed by private companies should contribute a proportion of their wages to a fund for victims	Prisoners employed by private companies should contribute a proportion of their wages to their families on the outside	Prisoners employed by private companies should put aside a proportion of their wages to save towards their return to the community	Prisoners employed by private companies should be paid the national minimum wage to avoid the prison workforce undercutting the local workforce

Prepared on behalf of The Howard League for Penal Reform by ICM Research

Prisoner Employment Survey

ONLINE Fieldwork : 20th - 22nd May 2011

Absolutes/col percents/row percents

Table 3

Q2. In working out the detail of such an idea, the government has to consider a number of factors including how much prisoners should be paid, what rules if any should govern what prisoners do with their wages, and how creating a prison 'workforce' might impact on the local economy. Please read the following statements and indicate to what extent you agree or disagree with each.

Base: All respondents

Prisoners employed by private companies should pay tax and national insurance on their earnings

Prisoner Employment Survey

ONLINE Fieldwork : 20th - 22nd May 2011

Absolutes/col percents/row percents

Table 5

Q2. In working out the detail of such an idea, the government has to consider a number of factors including how much prisoners should be paid, what rules if any should govern what prisoners do with their wages, and how creating a prison 'workforce' might impact on the local economy. Please read the following statements and indicate to what extent you agree or disagree with each.

Base: All respondents

Prisoners employed by private companies should contribute a proportion of their wages to their families on the outside

Prisoner Employment Survey

ONLINE Fieldwork : 20th - 22nd May 2011

Absolutes/col percents/row percents

Table 7

Q2. In working out the detail of such an idea, the government has to consider a number of factors including how much prisoners should be paid, what rules if any should govern what prisoners do with their wages, and how creating a prison 'workforce' might impact on the local economy. Please read the following statements and indicate to what extent you agree or disagree with each.

Base: All respondents

Prisoners employed by private companies should be paid the national minimum wage to avoid the prison workforce undercutting the local workforce
