Other	18
Unknown	15
25+	958
Christian	402
Muslim	294
No Religion	173
Other	43
Unknown	48
Grand Total	2,279

Note:

1. Reporting as at 09-Apr-25
2. Please note that the totals do not match figures for individual categories. This is because 'double counting' can occur as individuals can change religion during a period of time and also be present in more than one age group as they themselves get older during the period in scope.
3. The figures provided have been drawn from HMPPS Management Information which has not passed through the quality assurance process usually associated with official statistics published on gov.uk and so may contain incomplete or, on rare occasions, inaccurate data.
